Question: Is there anything changed on Screw collar pin of Green Pin® Standard Shackles?

Answer:

Last period, we have realized a small modification of Green Pin® shackles (WLL≥2t) with screw collar pins as follows:

Earlier design, after assembly some of the threading is visible at the shackle eye:

VAN BEEST B.V. Manufacturer and Supplier of wire rope and chain fittings. Reg. trade marks 'Green Pin' and 'Excel'

Ref:	PI-02-02 EN
Revision:	0

Current design, with hardly or no thread visible at the shackle eye:

We realized this by making a small “chamber” in the shackle eye.

The advantage of the new design is reduced wear of counter components like, wire rope, chain, rope and or synthetic web slings and their fittings.

If you have further questions, please do not hesitate to contact us.
Kind regards,

Van Beest Product Management
