

R-7827

Van Beest has recently added two types of shackles to the stainless steel program:  
**Stainless steel bow and dee shackles with safety bolts.**

Stainless steel shackles with safety bolts

The use of stainless steel products is recommended in circumstances where corrosion can cause problems.

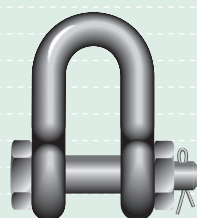

Van Beest offers a wide range of stainless steel items such as shackles, thimbles, wire rope clips, eye bolts, rigging screws, etc. The stainless steel chain fittings from our EXCEL® program complete the range.

Please find herewith the latest Van Beest product information including details of these shackles. For more information please contact us: [sales@vanbeest.com](mailto:sales@vanbeest.com)

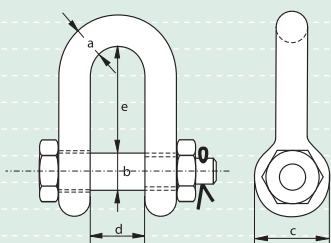

## Stainless Steel Shackles bow shackles with safety bolt

- **Material** : AISI 316
- **Safety factor** : MBL equals 6 x WLL
