

**Now available**

## Green Pin® Heavy Duty Fixed Nut Shackles

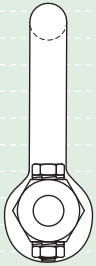

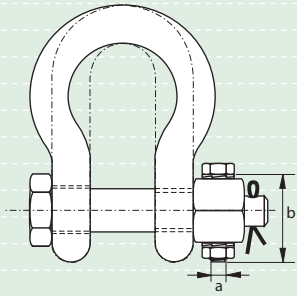

Avoid the risk of accidentally releasing a load when it is under dynamic load or when it is exposed to extreme vibrations: use the Green Pin® Heavy Duty Fixed Nut Shackles. The range now extends until 150t WLL making this type of shackle suitable for heavy lifting. Green Pin® Sling Shackles and Green Pin® Wide Mouth Shackles are now also available in a fixed nut version.

The fixed nut consists of an extra AISI 316 securing bolt which is drilled through both the nut and shackle pin. This securing bolt is fastened with two sets of Nord-Lock® washers and a securing nut. These washers lock when subjected to movement and keep the nut safely in position.

All Green Pin® Fixed Nut Shackles are available on request: please contact [sales@vanbeest.com](mailto:sales@vanbeest.com).
