VAN BEEST

W O R L D W I D E

To ensure the high and steady quality of our **Green Pin®** products, Van Beest is certified according to the latest ISO norm, 9001:2000. This is implemented in all aspects of our organization, from the purchase of the raw material to the education of our staff and the quality inspections during the production process. The combination of the right material and a balanced heat treatment, results in a high quality product with optimal strength and ductility.

Make sure you are using the original **Green Pin®** product by checking the marking on the loadbinder.

Please make sure you use genuine **Green Pin®** products; after all, you would not want to find yourself risking lives and loads by using a copy!
