

Heavy Transport & Lifting Seminars

Sharing knowledge & experience is how we all can improve safety in our industry of moving and lifting heavy loads.

Therefore, Van Beest is sponsoring a series of seminars. These seminars are going to be conducted by Mr. Richard Krabbendam who has been working in the heavy transport & lifting business for more than 36 years. He will share his know-how and experience with those who want to learn more about handling heavy loads safely.

Training and education of staff and operational personnel is the key to stop costly and unnecessary incidents.

The schedule for the next series of seminars is:

Two Day Seminar:	19 + 20	March	2010	-	Perth, West-Australia
