

**VAN BEEST BV, Manufacturer/Supplier  
of wire rope and chain fittings  
Reg. trade mark 'Green Pin'**

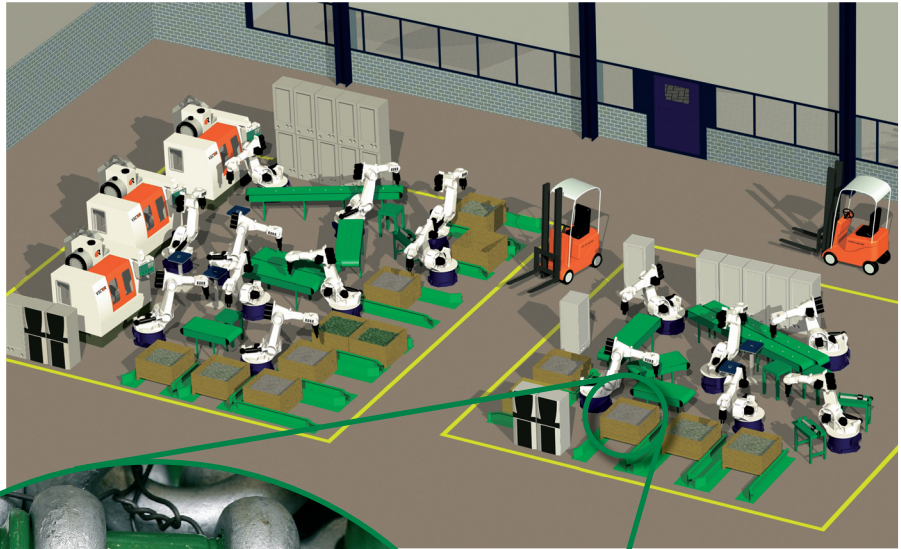

## Van Beest in motion!

In order to keep up with the ever growing demand for Green Pin® shackles Van Beest is continuously investing in new production lines. We are proud to present you an artistic impression of these new lines which we are installing at the moment.

According to the Production Manager: "At Van Beest we always try to improve our production process. Therefore we have the most modern production facility in upset forging in the world. Right now, Van Beest is improving its production process even further with new automated systems and robots in addition to the ones already in use."

In a few months the installation will be finished and Van Beest is ready for further growth of market share with Green Pin® shackles!

As our valued customer, you are, of course, always welcome to visit us and see these new developments with your own eyes.
